

Robotic pool cleaner Dolphin POOL IN

Περιγραφή

Dolphin POOL IN robotic pool cleaner designed specifically for above-ground or in-ground pools with small dimensions **up to 8m** and with flat bottom or slight slope. This drop and go robot is lightweight and super easy to use, and there is no need in pre-installation or connection to pool systems. The robot efficiently and thoroughly cleans the **pool floor** and the hard-to reach floorwall angle in the pool. Low energy consumption and automatic shut-off ensure savings with every clean.

- Designed to be easy to handle and lift
- Specially designed for above-ground pools
- Single-level filtration with fine filters, removes rough dirt and debris
- Actively cleans and scrubs away algae and bacteria
- Lightweight design makes pickup a breeze
- 2 years warranty
