

## ROLLER SHUTTER WINDER - MANUAL OVERGROUND

### Περιγραφή

The pillars of the winder are made of stainless steel and powder-coated in white as standard. They can be painted in any RAL color without extra charge.

### The mounting kit includes:

- Transmission mechanism with fold-out hand crank
- Two powder-coated pillars made of stainless steel for installation at the pool edge
- Shaft made of anodised aluminum  $\Phi 125\text{mm}$
- Transition nut for cordless screwdriver
- Fasteners, shaft attachment, packaging

**The winding system has a 3-year warranty.**
